Warsaw, January 06, 2010

INVITATION

Fundacja Spełnionych Marzeń [Fulfilled Dreams Foundation] has the great pleasure to invite children and teenagers recovered from cancer to take part in the Third International Sports Games - “Onco-Olympics”.

The Olympic games will be held from July 16 to 18 at sports facilities of the Academy of Physical Education in Warsaw, Poland.

The leading aim of the sports Olympics is to break the stereotypes about cancer as well as to build up a feeling of self-esteem among children afflicted with this terrible disease. Integration between children as well as the parents and initiation of friendships also plays an important role. For the children, the possibility of participating in the games is not only great fun but also a true sports challenge, particularly for the Olympic medal winners.

If our invitation will meet your interest, we are able to provide you with more information about the event as well as questionnaire acceptance notices for all those wishing to participate in the “Onco-Olympics – 2010”

Fundacja Spełnionych Marzeń [Fulfilled Dreams Foundation] is honored to invited twelve (12) children (1 child + 1 guardian) from your facility to take part in the Third International Sports Games “Onco-Olympics”.

We suggest that small children and teenagers from your center arrive at the Onco-Olympics wearing their own colors so that all participants from a given center constitute a team easily recognizable among the spectators.

Sleeping accommodations, meals and attractions will be paid for by the Fundacja Spełnionych Marzeń [Fulfilled Dreams Foundation].

Person to contact: Magdalena Skwiot +48 603 551 676

Respectfully yours,

Tomasz Osuch
